<b>Community and Stakeholder Engagement</b>	<b>Date: 31/03/2011</b>

**Policy Statement**

Government policy directs policing towards more commitment and focus in community engagement.

The Civil Nuclear Police Authority (CNPA) sets Strategic Objectives which are published in the CNPA Strategic Policing Plan. The objectives in the 2010 – 2013 Plan include “Maximising the confidence and support of our Stakeholders”.

The Civil Nuclear Constabulary (CNC) will, as far as reasonably practicable, address the CNPA’s Strategic Objectives and deliver the CNC’s Vision, Mission and Core Values by setting and delivering high level priorities to maximise the confidence and support of our Stakeholders and the Community served by the CNC.

To achieve this the CNC will, as far as reasonably practicable, put into place processes, procedures, training and guidance for engagement with the Community and Stakeholders at all levels in order to meet their needs, provide reassurance and improve confidence in the CNC:-

- through the provision of appropriate safety and security measures at all the sites where it employs Police Officers and Police Staff;
- through continuing improvements in partnership working, and consultation where appropriate;
- by conducting its activities in a manner which is proportionate, lawful, accountable, necessary and non discriminatory;
- by providing Communities / Stakeholders with appropriate information in respect of CNC activities which may impact on those Communities / Stakeholders.

The CNC high level priorities will be developed, tasked and performance monitored through the Constabulary Coordinating Group in line with the National Intelligence Model (NIM) process which will inform Divisional / Sub-Divisional / Departmental priorities.

**Aims of the Policy**
