

Mr Rees is a Chartered Public Finance Accountant with experience of senior management in both the public and private sectors. He graduated from Huddersfield Polytechnic in 1986 with a BA (Hons) in Accountant studies and completed his professional accountancy qualification in 1995. He is currently completing a dissertation for his MSc in Strategic Management from the University of Bristol.

After graduating, Mr Rees worked in the private sector as Financial Controller for a publicly quoted company. In 1992, he joined the NHS and gained experience of senior financial management within two large NHS Trusts. During this time Mr Rees was involved with the management of major capital development projects and was part of the project management team for the construction of a new £100m hospital project.

In 2000, Mr Rees moved into education management and was appointed Finance Director and later Vice Principal for two large further education colleges. During this period he was responsible for the leadership and strategic direction of a number of areas including Financial Management, ICT, Estate Management, Human Resources and Information Systems. He had lead responsibility for the development of information systems to support management decision making and the delivery of improved quality standards.

Mr Rees joined the CNC as Director of Corporate Services in September 2009.
